What fees will I pay?	<p>The specific way portfolio management fees are charged by BMM is established in your written agreement with BMM. BMM generally bills fees in advance at the beginning of each calendar quarter. The annual fee is charged as a percentage of assets under management (AUM), according to the following tiered schedule:</p> <table border="1"><thead><tr><th colspan="2"><u>Assets Under Management Annual Fee (%)</u></th></tr></thead><tbody><tr><td>Up to \$250,000</td><td>1.75%</td></tr><tr><td>\$250,001 to \$500,000</td><td>1.50%</td></tr><tr><td>\$500,001 to \$750,000</td><td>1.12%</td></tr><tr><td>\$750,001 to \$1,000,000</td><td>1.00%</td></tr><tr><td>\$1,000,001 to \$2,500,000</td><td>0.80%</td></tr><tr><td>Above \$2,500,000</td><td>0.60%</td></tr></tbody></table> <p>Each fee bracket is applied to the respective amount of your total AUM. For traditional portfolio management, you will be charged a minimum annual fee of \$4,375.00.</p>	<u>Assets Under Management Annual Fee (%)</u>		Up to \$250,000	1.75%	\$250,001 to \$500,000	1.50%	\$500,001 to \$750,000	1.12%	\$750,001 to \$1,000,000	1.00%	\$1,000,001 to \$2,500,000	0.80%	Above \$2,500,000	0.60%

<p>What fees will I pay? (continued)</p>	<p>The more assets you have in an account, the more you will pay in fees and, therefore, BMM has incentive to encourage you to increase assets in your account.</p> <p>BMM's fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses that you incur. You may incur charges imposed by custodians, brokers, and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees or distribution fees, which are disclosed in a fund's prospectus. Such charges, fees, and commissions are exclusive of and in addition to BMM's fee.</p> <p>You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.</p> <p>The minimum fee for financial planning services is \$7,500 per plan plus \$450 per hour for any time more than ten hours. The \$7,500 is due prior to work beginning, and the remainder, if any, is due prior to or immediately upon delivery of the plan. Consulting clients are typically charged individually-negotiated fixed fees, paid quarterly. The cost of college planning services is assessed as a fixed fee of \$599 and is charged in advance. The cost of tax preparation services are fixed fees and additional hourly charges in certain situations, set and billed by a third-party provider. In certain circumstances all fees and account minimums are negotiable. For more detailed information regarding fees and costs, please refer to <i>Form ADV, Part 2A Items 5, 6 and 12</i>.</p>

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

<p>What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?</p>	<p><i>When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. The more assets there are in a client's advisory account, the more a retail investor will pay in fees, and our firm, therefore, has an incentive to encourage the retail investor to increase the assets in his or her account. If a client with an existing retirement plan is leaving his/her employer and BMM recommends that the client roll over their retirement plan assets into an Individual Retirement Account to be managed by BMM, such a recommendation creates a conflict of interest if BMM will earn an advisory fee on the rolled over assets. No client is under any obligation to rollover retirement plan assets to an account managed by BMM. The benefits we receive through participation in programs administered by custodians/brokers selected by you, including research, may depend upon the number of transactions directed to, or amount of assets custodied and may benefit you or us exclusively. An affiliate of our firm provides business consulting services for other persons and business entities for additional compensation. BMM is a licensed insurance producer domiciled the Commonwealth of Massachusetts, with the ability to sell accident, health or sickness, and/or life insurance. Certain individual(s) employed by BMM are appointed as insurance agents with BMM and/or unaffiliated insurance companies and, as such, receive additional compensation for sale of insurance products. Consequently, we/they have an incentive to recommend these non-advisory services to our advisory clients. BMM receives a portion of the tax preparation fees paid by clients to an unaffiliated service provider and, therefore, has a financial incentive to recommend these services to clients.</i></p>

- *How might your conflicts of interest affect me, and how will you address them?*

<p>How do your financial professionals make money?</p>	<p>In addition to their fixed salaries, BMM's Investment Advisors receive a percentage of the assets brought in under management in the form of cash compensation. Moreover, college planning services fees are earned directly by the individuals providing such services. Consequently, additional assets under our firm's management and management fees paid by clients may result in direct or indirect increase in an employee's overall compensation, including, but not limited to, direct payments and/or discretionary bonus, if any.</p>
